The control panel includes a central LCD screen displaying the following information:  
- Time: 09:35  
- Date: 18/03/20  
- A bar chart with three bars, the highest being labeled '3'.  
- A fuel gauge icon and the text '60 L' and '3333 H'.  
- A battery level icon and a checkmark.  
- A diagram of the equipment's rear view with a red line indicating a specific path or level.  
To the right of the screen is a keypad with:  
- Eight directional arrow buttons (up, down, left, right).  
- A green '+' button and a red '-' button.  
- An 'OK' button.  
- An 'Exit' button.  
- A warning triangle button.  
- Four small icons representing different equipment functions.  
To the left of the screen is a control knob with a yellow 'STOP' button below it. Above the knob are several indicator lights and icons for battery, fuel, and equipment status.

LES NIVEAUX  
- MERCI -

The safety sticker contains three panels of instructions:  
- Top panel: A diagram showing a hand holding a manual next to a diagram of the equipment's rear view with arrows pointing to the right, indicating that the user should read the manual.  
- Middle panel: A red circle with a diagonal slash over a diagram of a hand holding a tool, indicating that the use of tools is prohibited.  
- Bottom panel: A diagram of the equipment with a large 'X' over it, indicating that the equipment should not be used in a certain way. A warning triangle is also present above this panel.
