The control panel features several components: a large yellow stop button with a red cap labeled 'STOP' and 'Schneider Electric'; a digital display showing '186.8 h'; a gear selector knob with a key; and multiple indicator lights and switches. Some indicator lights are accompanied by icons: a battery symbol, a book, a fuel tank, and a light bulb. A gear selector knob has a key and is surrounded by yellow arrows indicating movement. A large gear selector knob is also present, with a key and yellow arrows. A red forklift icon is shown with yellow arrows indicating movement. A red tractor icon is also shown with yellow arrows indicating movement. A red tractor icon is also shown with yellow arrows indicating movement.
